Subject: Notice of File Closure, United Stone and Design, Ab Jiron Mine #3,
S/013/005, Duchesne County, Utah

Dear Mr. Farley:

The Division of Oil, Gas and Mining has been notified by the School and Institutional Trust Lands Administration (SITLA) that you no longer have a lease to remove stone at the referenced mine site. They also said you had completed the required cleanup work and that they no longer considered you responsible for reclamation at the site.

Mr. Paul Baker, Division staff, inspected the mine on March 31, 2004, and a copy of the inspection report is attached. Based on this inspection and the information from SITLA that you completed the work they required and that you no longer have a lease for this site, you are hereby released by the Division from further mining or reclamation responsibilities at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(ies), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5286 or Paul Baker at (801) 538-5261. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

D. Wayne Hedberg, Permit Supervisor
